

PENNDOT Bridge Replacements Project
S.R. 3020, Sections 01B & 02B

PennDOT District 5-0 will be replacing two (2) bridges on S.R. 3020 (Newburg Road). The project consists of the replacement of two single span bridges along S.R. 3020 (Newburg Road), Sections 01B & 02B in Northampton County. Bridge 01B (MPMS 85940) is located in Lower Nazareth Township and carries S.R. 3020, Section 01B over a tributary to the East Branch of the Monocacy Creek. Bridge 02B (MPMS 85941) is located in Upper Nazareth Township and carries S.R. 3020, Section 02B over the East Branch of the Monocacy Creek.

In addition to the bridge replacements, the project will include the replacement of existing guide rail to meet current standards, updated signage and pavement markings, utility relocation, profile adjustments, and roadway widening to transition from the existing roadway lane and shoulder widths to the proposed bridge widths.

A display of engineering plans, including the proposed detour, will be available for review and public comment on the PennDOT website at the following link:

<https://www.penndot.gov/RegionalOffices/district-5/PublicMeetings/Northampton-County/Pages/default.aspx>

This approach is being taken due to the current COVID-19 pandemic in lieu of an in-person presentation. Thank you for your understanding as we make every effort to maintain the project schedule and ensure we are soliciting feedback from affected stakeholders.

Plans will be available for review and comment from September 17th through October 2nd, 2020.
